2020-2021 Academic Year Internship Opportunities

Project: Building Literacy-Rich Skill-Building Environments in Afterschool Programs
Mentor: Georgia Hall, Ph.D.

Internship Description:
The National Institute on Out-of-School Time is working with a cohort of afterschool programs in Philadelphia and providing technical assistance and research on literacy skill-building. The team will be conducting research tasks, analyzing data, summarizing findings, and sharing this work with multiple audiences.

Internship Responsibilities:
Participate in research tasks, examine and summarize data, collaborate on reports, conduct background research, partner on presentations.

Skills Required:
College level library research skills and writing.

Experience Intern Can Expect to Gain:
Experience across the research task spectrum.
