About WCW

The WELLESLEY CENTERS FOR WOMEN is the largest academic, women- and gender-focused, social-change-oriented, research-and-action institute in the United States, located at Wellesley College. Our mission is to advance gender equality, social justice, and human wellbeing through high-quality research, theory, and action programs. By sharing this work with policymakers, educators, practitioners, advocates, the media, and the public, WCW helps to shape a more just and equitable society.

We work with the understanding that the change we seek occurs simultaneously at micro and macro levels encompassing individuals, dyads, families, communities, and society at large.
